1 Identification

- Product identifier
  - Trade name: Bar's Leaks® Pelletized Radiator Stop Leak
  - Product code: PLT11
- Recommended use and restriction on use
  - Recommended use: Anti-Leak product for radiators.
  - Restrictions on use: No relevant information available.

Details of the supplier of the Safety Data Sheet
Manufacturer/Supplier:
Bar's Products
P.O. Box 187
Holly, MI 48442 USA
Phone: (810) 603-1321

- Emergency telephone number:
  ChemTel Inc.
  (800)255-3924 (North America)
  +1 (813)248-0585 (International)

2 Hazard(s) identification

- Classification of the substance or mixture
  Asp. Tox. 1 H304 May be fatal if swallowed and enters airways.
- Label elements
  - GHS label elements
    The product is classified and labeled according to the Globally Harmonized System (GHS).
  - Hazard pictograms:
    GHS08
- Signal word: Danger
- Hazard statements:
  H304 May be fatal if swallowed and enters airways.
- Precautionary statements:
  P301+P310 If swallowed: Immediately call a poison center/doctor.
  P331 Do NOT induce vomiting.
  P405 Store locked up.
  P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

Other hazards There are no other hazards not otherwise classified that have been identified.

3 Composition/information on ingredients

- Chemical characterization: Mixtures

Components:

(Cont'd. on page 2)
4 First-aid measures

· Description of first aid measures
  · After inhalation:
    Supply fresh air; consult doctor in case of complaints.
    Provide oxygen treatment if affected person has difficulty breathing.
    In case of unconsciousness place patient stably in side position for transportation.
  · After skin contact:
    Wash with soap and water.
    If skin irritation is experienced, consult a doctor.
  · After eye contact:
    Remove contact lenses if worn.
    Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  · After swallowing:
    Rinse out mouth and then drink plenty of water.
    Do not induce vomiting; immediately call for medical help.
    A person vomiting while lying on their back should be turned onto their side.
  · Most important symptoms and effects, both acute and delayed:
    Breathing difficulty
    Coughing
    Slight irritant effect on eyes.
    Slight irritant effect on skin and mucous membranes.
    Gastric or intestinal disorders when ingested.
    Nausea in case of ingestion.
  · Danger:
    May be fatal if swallowed and enters airways.
    Danger of impaired breathing.
  · Indication of any immediate medical attention and special treatment needed:
    Medical supervision for at least 48 hours.
    If swallowed or in case of vomiting, danger of entering the lungs.
    If necessary oxygen respiration treatment.
    Later observation for pneumonia and pulmonary edema.
Trade name: Bar's Leaks® Pelletized Radiator Stop Leak

Fire-extinguishing powder
Gaseous extinguishing agents
Carbon dioxide

- For safety reasons unsuitable extinguishing agents: Water
- Special hazards arising from the substance or mixture
  Formation of toxic gases is possible during heating or in case of fire.

Advice for firefighters
- Protective equipment:
  Wear self-contained respiratory protective device.
  Wear fully protective suit.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures
  Ensure adequate ventilation.
  Wear protective equipment. Keep unprotected persons away.
  Particular danger of slipping on leaked/spilled product.
  For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.

- Environmental precautions
  Avoid release to the environment.
  Prevent from spreading (e.g. by damming-in or oil barriers).

Methods and material for containment and cleaning up
  Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
  Remove from the water surface (e.g. skim or suck off).
  Dispose of the collected material according to regulations.

Reference to other sections
  See Section 7 for information on safe handling.
  See Section 8 for information on personal protection equipment.
  See Section 13 for disposal information.

7 Handling and storage

- Handling
  Precautions for safe handling:
  Use only in well ventilated areas.
  Avoid splashes or spray in enclosed areas.
  Keep out of reach of children.

- Conditions for safe storage, including any incompatibilities
  Requirements to be met by storerooms and receptacles:
  Avoid storage near extreme heat, ignition sources or open flame.

  Information about storage in one common storage facility:
  Store away from foodstuffs.
  Store away from oxidizing agents.

  Specific end use(s) No relevant information available.

8 Exposure controls/personal protection

(Cont'd. of page 4)
Control parameters

Components with limit values that require monitoring at the workplace:
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

Exposure controls

General protective and hygienic measures:
The usual precautionary measures for handling chemicals should be followed.
Keep away from foodstuffs, beverages and feed.
Wash hands before breaks and at the end of work.
Do not inhale gases / fumes / aerosols.
Avoid contact with the eyes and skin.
Avoid breathing mist, vapors, or spray.

Engineering controls: No relevant information available.

Breathing equipment:
Not required under normal conditions of use.
Use suitable respiratory protective device when aerosol or mist is formed.
For spills, respiratory protection may be advisable.

Protection of hands:

Protective gloves
The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Eye protection:

Safety glasses

Body protection:
Protective work clothing
Protection may be required for spills.

Limitation and supervision of exposure into the environment
No relevant information available.

Risk management measures No relevant information available.

9 Physical and chemical properties

Information on basic physical and chemical properties

Appearance:
- Form: Oily liquid with solids
- Color: Not determined.
- Odor: Petroleum-like
- Odor threshold: Not determined.

pH-value: Not determined.
Melting point/Melting range: Not determined.
Boiling point/Boiling range: >100 °C (>212 °F)
10 Stability and reactivity

- **Reactivity**: No relevant information available.
- **Chemical stability**:
  - **Thermal decomposition / conditions to be avoided**: No decomposition if used and stored according to specifications. To avoid thermal decomposition, do not overheat.
  - **Possibility of hazardous reactions**
    Toxic fumes may be released if heated above the decomposition point. Reacts with strong acids and oxidizing agents.
- **Conditions to avoid**
  Excessive heat.
- **Incompatible materials**
  Oxidizers
- **Hazardous decomposition products**
  Under fire conditions only:
  Carbon monoxide and carbon dioxide
  Hydrocarbons

11 Toxicological information

(Cont'd. on page 6)
Trade name: Bar’s Leaks® Pelletized Radiator Stop Leak

(Cont’d. of page 5)

- **Information on toxicological effects**
  - **Acute toxicity:** Based on available data, the classification criteria are not met.
  - **LD/LC50 values that are relevant for classification:** None.
  - **Primary irritant effect:**
    - **On the skin:** Slight irritant effect on skin and mucous membranes.
    - **On the eye:** Slight irritant effect on eyes.
    - **Sensitization:** No sensitizing effects known.
  - **Carcinogenic categories**
    - **IARC (International Agency for Research on Cancer):**
      | Code | Substance                   |
      |------|-----------------------------|
      | 64-17-5 | Ethanol                    |
      | 123-91-1 | 1,4-dioxane              |
      | 1303-28-2 | diarsenic pentaoxide     |
  - **NTP (National Toxicology Program):**
    Present in trace quantities.
    | Code | Substance                   |
    |------|-----------------------------|
    | 123-91-1 | 1,4-dioxane              |
    | 1303-28-2 | diarsenic pentaoxide     |
  - **OSHA-Ca (Occupational Safety & Health Administration):**
    None of the ingredients are listed.

- **Probable route(s) of exposure:**
  - Ingestion.
  - Inhalation.
  - Eye contact.
  - Skin contact.
- **Germ cell mutagenicity:** Based on available data, the classification criteria are not met.
- **Carcinogenicity:** Based on available data, the classification criteria are not met.
- **Reproductive toxicity:** Based on available data, the classification criteria are not met.
- **STOT-single exposure:** Based on available data, the classification criteria are not met.
- **STOT-repeated exposure:** Based on available data, the classification criteria are not met.
- **Aspiration hazard:** May be fatal if swallowed and enters airways.

---

12 Ecological information

- **Toxicity**
  - **Aquatic toxicity** No relevant information available.
  - **Persistence and degradability** No relevant information available.
  - **Bioaccumulative potential:** No relevant information available.
  - **Mobility in soil:** No relevant information available.
- **Ecotoxicological effects:**
  - **Remark:** Due to mechanical actions of the product (e.g. agglutinations), damages may occur.
- **Additional ecological information**
  - **General notes:** Avoid release to the environment.
- **Other adverse effects** No relevant information available.

(Cont’d. on page 7)
13 Disposal considerations

- Waste treatment methods
  - Recommendation: Contact waste processors for recycling information. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

- Uncleaned packagings
  - Recommendation: Disposal must be made according to official regulations.

14 Transport information

- UN-Number
  - DOT, ADR/RID/ADN, IMDG, IATA Not regulated.

- UN proper shipping name
  - DOT, ADR/RID/ADN, IMDG, IATA Not regulated.

- Transport hazard class(es)
  - DOT, ADR/RID/ADN, IMDG, IATA Class Not regulated.

- Packing group
  - DOT, ADR/RID/ADN, IMDG, IATA Not regulated.

- Environmental hazards
  - Marine pollutant: No

- Special precautions for user Not applicable.

- Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.

15 Regulatory information

- Safety, health and environmental regulations/legislation specific for the substance or mixture
  - United States (USA)
  - SARA

  - Section 302 (extremely hazardous substances):
    None of the ingredients are listed.

  - Section 355 (extremely hazardous substances):
    None of the ingredients are listed.

  - Section 313 (Specific toxic chemical listings):
    None of the ingredients are listed.
Safety Data Sheet  
Acc. to OSHA HCS (29 CFR 1910.1200)  

Trade name: Bar's Leaks® Pelletized Radiator Stop Leak

### TSCA (Toxic Substances Control Act)
All ingredients are listed or exempt.

#### Proposition 65 (California)
- **Chemicals known to cause cancer:**
  Ethanol - listing refers specifically to alcoholic beverage consumption and is not applicable for product. Present in trace quantities: 123-91-1, 1303-28-2.

<table>
